The Bulletin

Note the General Meetings move to the Goethe Link Observatory for the summer.

The May General Meeting, May 13, 7:00 PM Goethe Link Observatory

FHiRE in the Morgan-Monroe State Forest!

As Kent Honeycutt completes commissioning of IU's new 1.25-meter telescope in the Morgan-Monroe State Forest, a new spectrograph is taking shape for the telescope. The Fiber High Resolution Echelle spectrograph is designed to conduct a survey of 10,000 bright stars with accurate distances determined by the European "Hipparcos" satellite. The new spectrograph will be fed with an optical fiber from the Cassegrain focus and will utilize new, state-of-the-art CCD detectors. The design includes a 0.5-m parabolic collimating mirror and a 0.4-m grating. The spectrograph is expected to be operational in two years.

Note from the Editor

Since returning from the TSP I have been experiencing severe internet problems. Several of the articles that I wanted to put into this edition are stuck in Insight. I apologize and will put them in next month's Bulletin.

Jeff

The Texas Star Party

In my estimation the party was a great success again. Terry Steadham, Chris Dietz, and Jeff Patterson made the sojourn to Texas. We all arrived Saturday night and began trying to find a place to sleep. Carolyn and I had a reservation at the State Park near the ranch. About dusk one of our star party friend from North Carolina showed up and asked if he could sleep at our site. Seems all the motel rooms in town were taken by a movie crew and the park was sold out. We invited him in and waited for dark to start observing a day early. Can't miss a night of the Texas sky. After dark a car drives up and it is Terry. He needs a place to sleep as well. So now we are a bigger group but still all is well. Luckily, Chris didn't show up or we would have been in trouble. Sunday broke clear as a bell and cool and we headed for the

ranch and check in. The weather looked like it was going to be bad all week but each night it would clear off and the wind would die down and observing began. We did have a dust problem since they had had 0.05" of rain since October. We had one night of non observing. Friday and Saturday were magnificent.

Bill Conner decided not to come to the party but I did find a new observing partner. One night I was over at the snack bar having my midnight brisket burrito when I looked down next to my foot to find a skunk (Floyd) standing on my left foot. The concessionaire suggested I not move. Floyd was looking for food and just sniffed my feet and after walking between my legs moved on off. Later he came to my observing site and sat under my chair for some time. To say the least we used a little more light when walking around. Floyd visited the concession stand every night and became the topic of discussion. No one was sprayed so all went well other than a few nerves being frayed.

New Astronomer's Group Meeting at McCloud

**New Astronomers Group Meeting
McCloud Nature Center
7:30 pm – May 5, 2006**

It's spring again and time for the second monthly meeting of the IAS New Astronomers Group for 2006. Our first meeting last month was met with clouds and tornado warnings. We will be meeting on May 5 at McCloud Nature Center starting at 7:30 pm, just prior to the monthly McCloud Friday Night Observing session. *Note that we have changed the night to the Friday closest to the 1st Quarter Moon and the start time is now 7:30.*

THE NAG MEETING WILL BE HELD - RAIN OR SHINE.

Topics for this month:

- Observing the May Evening Sky
 1. Reading a Star Chart
 2. The Spring Pointer Stars and Constellations
 3. Our Solar System
 4. The Deep Sky
 1. M3 – Globular Cluster
 2. M53 – Globular Cluster
 3. M64 – Black Eye Galaxy
 4. The Coma Berenices Star Cluster – Open Cluster
 5. M51 – Whirlpool Galaxy
- Astronomy Resources for the Beginner
- Question and answer session

The purpose and intent of the NAG is to introduce new astronomers to observing the night sky. All types of observing will be discussed including naked eye, binocular and telescope.

If the weather cooperates, following the meeting, IAS members will have telescopes set up and attendees will have an opportunity to view some of the night sky objects discussed during the meeting.

Link Cleanup

Gary reports that the cleanup day at the Link was a great success! Thanks to everyone who came out and I understand that Angie did it again with the food.

IAS Clothing

The IAS has a considerable inventory of Logo clothing. At our first general meeting at the Link on May 13, we will have the inventory there for your perusal and purchase. This is really nice clothing that is distinctively IAS. See the list of inventory on hand below.

IAS Clothing Inventory

Description	Quantity	Unit Price
T-Shirt		
Blue - Small	2	\$5.00
Navy - Small	2	\$5.00
Navy - Medium	3	\$10.00
Navy - Large	1	\$10.00
Navy - XLarge	3	\$10.00
Golf Shirt (Pocket)		
Blue - Medium	0	\$15.00
Blue - XLarge	0	\$15.00
Blue - 2XLarge	0	\$15.00
Sweat Shirt - Small Logo		
Blue - Large	1	\$30.00
Blue - XLarge	1	\$30.00
Blue - 2XLarge	1	\$30.00
Sweat Shirt - Large Logo		
Blue - Medium	5	\$20.00
Blue - Large	10	\$20.00
Blue - XLarge	6	\$20.00
Blue - 2XLarge	4	\$20.00
Gray - Medium	7	\$20.00
Gray - Large	3	\$20.00
Gray - XLarge	1	\$20.00
Hooded Sweat Shirt - Small Logo		
Navy - Medium	1	\$30.00
Navy - Large	0	\$30.00
Navy - 2XLarge	1	\$30.00
Lined Jacket - Small Logo		
Blue - Medium	0	\$32.00
Blue - Large	3	\$32.00
Blue - 2XLarge	1	\$32.00
Blue - 3XLarge	3	\$32.00

Baseball Cap

Blue	6	\$8.00
White	0	\$4.00

Mentor Program

The board has been studying retention of members. Of the 50 or so members that do not renew their membership each year over half are first year members. So we want to do some things to reduce that exodus. We are reinstating the mentor program which will provide the new member with lots of information and help them assimilate into the Society. Thad Hatchett has volunteered to lead this program. We need your help. If you are interested in becoming a mentor please contact me at Jeff Patterson KB9SRB@hotmail.com or Thad Hatchett at astronomynut@sbcglobal.net. We will put your name on the list and assign a new person to you. Our goal is to retain people and make this hobby a lot more fun.

2006 McCloud Schedule

The New Astronomers Group held from April thru September is designed with the beginning amateur astronomer in mind. Meetings start at 7:00 pm on the Friday closest to the 1st Quarter Moon (see schedule below). Emphasis is on actual observing to help beginners find their way around the night sky and, in particular, how to find those faint but interesting objects such as planets, galaxies and nebulae of all kinds. In addition to discussing the night sky for the current month, a selected topic of interest to the beginning astronomer will be covered. The currently scheduled selected topics for 2006 are:

April 7 Telescopes, binoculars and other viewing aids

May 5 Resources on Internet for the beginning astronomer

June 2 Our closest neighbor, the Moon

June 30 The Beginners Year around Observing Planner The Messier List

July 28 Celestial Fireworks Meteor Showers

September 1 Autumns Finest Double Stars

September 29 To Be Determined

All sessions are taught by experienced IAS members. If weather conditions permit, observing through IAS members telescopes and binoculars will be available for attendees following the meeting.

John Switzer

McCloud Nature Park

We have now built 6-8'X8' concrete pads at McCloud and each pad has 2 110 volt electrical outlets. One pad has been optimized for the 6" F/15 refractor that was donated to the club.

Our plan is to build a pier and install the pier and mount to the pad. Then when we want to observe, all we have to do is attach the scope and off we go. The pads are done and all that remains is landscaping and reseeding.

Orchids and Onions

There are a few people in the Society that will always step up to the plate when needed. They are generally quiet and go unnoticed but when help is needed they are there. Angie Molt is one of those members. She volunteers to provide food and snacks for many of our events. No one and I mean no one can do it like she can!! A bouquet of orchids to you Angie!

An orchid to Doug Brown for organizing and leading the McCloud landscaping project. Thanks to John Molt and John Shepherd for helping finish this project.

McCloud Nature Park Project Fund

In an effort to fund the project the IAS Board has created a "McCloud Fund". All donations to the Fund will go directly towards funding the improvement project which will include the storage building and warming room and six electrified concrete pads.

If you would like to make a cash donation to the McCloud Fund, please send it to:

John Shepherd, Treasurer

4609 Callahan St.

Indianapolis, IN 46239

The IAS is a Not-For-Profit 501 C-3 corporation. Your donation may be tax deductible. Consult your tax advisor.

Observer's Meeting at Link to Float to be near New Moon

The Board has decided to float the date of the Observer's Meeting to be closer to the new moon. So you will have to watch the Bulletin. This month the meeting will be on the 29th. This should facilitate observing at the Link.

Upcoming Star Parties and Registrations

Starfest May 20-21, 2006 - New Event - at Vanna's Farm (Not Astrofest), Kankakee, IL.

www.chicagoastro.org

Apollo Rendezvous Dayton Ohio, June 16 - 17. Boonshoft Museum of Discovery Dayton, Ohio
Speakers include Al Nader, David Eicher (Astronomy Magazine), Terry Mann, and Tom Trusock.

www.mvas.org, Star party is at John Byran State Park Observatory in Yellow Springs, OH

Heart of America MO Jun 22-25 - 530 miles 9 hour drive

<http://www.askconline.org/dsstarparty.pdf>

Cherry Springs Star Party, June 22-26, Cherry Springs State Park near Caudersport, Pa.

www.cherrysprings.org

Nebraska Star Party North Central Nebraska Jul 23-28 - 950 miles 18 hour drive
<http://www.nebraskastarparty.org/>

Black Forest Star Party PA Aug 25-27 600 miles 11 hour drive <http://www.bfsp.org/starparty/>

Indiana Family Star Party – Camp Cullum near Frankfort August 18-20 – 50 miles
<http://jmmahony.home.insightbb.com/pgo/starparty/>

Okie-Tex Star Party Western Oklahoma September 16th - September 24th , 2006
<http://www.okie-tex.com>

Illinois Dark Skies IL Sep 21-23 225 miles 5 hour drive <http://www.sas-sky.org/main.htm>

Astrofest Sept 21-24 Kankakee , IL 4 hour drive <http://www.chicagogaastro.org/> In the past this has been a premier party with lots of vendors. Lately they have had some organizational problems and last year many vendors did not come.

Prairie Skies Star Party Kankakee, IL Sep 28-30 175 miles 4 hour drive
<http://www.prairieskies.org/>

Twin Lakes Star Party KY Oct 14-21 225 miles 5 hour drive <http://www.wkaa.net/>

McCloud Under The Stars (MUTS) will happen one weekend of September.

If you know of events coming up let me know and I will get them in the Bulletin

Thanks to Mike Wolford for this information.

Local School Events and Star Parties

Gerald Venne is our Public Program Chairman. He will be responsible for coordinating Public Events for the IAS. He needs your help. Let Gerald know if you would like to show the public our sky.

To schedule a public event contact Gerald Venne 1 317 826-2680 or Jeff Patterson at 1-317 882-8055.

Astro Ads

Are you changing or upgrading your equipment? Do you have or are you looking for astronomical materials and equipment? The Indiana Astronomical Society as a service to its members, will publish non-commercial ads at no charge. The ad will stay in the Bulletin for 4 months and may be renewed at the owner's request.

To place an ad contact:

Bulletin Editor

Jeff Patterson
1780 S. Morgantown Rd.

Greenwood, IN 46143
(317) 882-8055

E-Mail: KB9SRB@Hotmail.com

Loaner Equipment Program

Did you know you can borrow a scope or piece of astronomy equipment from the Society and take it for a test drive? The Society has a program where members who are trying to determine what kind of equipment to buy can borrow one of the Society's scopes for a month or two and see how they like it. John Molt is the chairman of the program and can arrange for your pickup and training on the use of the particular instrument. This is a great way to see what telescope you want to purchase. We have several scopes, eyepieces and binoculars to loan. Contact John Molt at

1stargazer@indy.rr.com.

List Server Online - Don't be left in the cold - Sign up!

This service is our main communication tool. The list server is in the "Members Only" section of the site and is accessible only by IAS members. Make sure we have your correct e-mail and you will have access for late updates to events and functions.

Note: The list server is for use of Society business. It can only be used according to the rules as outlined previously. Members abusing the service will be eliminated from the service.

Board Meeting – May 18, 2006 - 7:00 PM

The IAS Board Meeting is being held at 430 Massachusetts Avenue in downtown Indianapolis. The building is at the point of convergence of Mass. Ave., Vermont and Alabama Streets. There is a Starbucks located in the frontage of the building. The coffee shop stays open late into the evening. Try to park as close to Starbucks as possible, preferably in a metered space. On-street parking is free after 5pm. Handicapped parking is directly in front of Starbucks entrance. The main entrance to the building is to the right of Starbucks, but it will be locked. To get into the building, walk around the building to the left as you are facing Starbucks. You will cross Starbucks outdoor patio seating area and you will come to the double door entry into the building (this is the south building façade). These doors will be unlocked. Enter the lobby and ride the elevator (to your right) to the basement. Turn right as you exit the elevator and go through the first door on your right. This is the conference/meeting room. If you need further

Goethe Link Observatory Observatory Address

**Goethe Link Observatory
8403 N. Observatory Lane
Martinsville, IN 46151**

Observatory 's Phone:
(317) 831-0668

This schedule is being published to assure proper access to the Link Observatory for programs that are designed as observational, general education, astronomy conferences or amateur research projects. Training programs are tentatively scheduled for Saturday evenings only. Although other requests can over-ride these sessions. It is the purpose of this listing to prevent activity conflicts. If you need to acquire use of the 36-inch telescope: remember two important IAS guidelines: 1)*There has to be two or more IAS members present.....*2)*contact the Observatory Manager: Gary Schoppenhorst (317)297-1405. DON'T WAIT UNTIL THE LAST MINUTE TO MAKE YOUR REQUEST OR YOU MAY NOT GET ACCESS.*

Designated Link Observatory Key Holders

Jeff Patterson: 882-8055
Tom Borlik: 849-4113
Gary Schoppenhorst: 297-1405

Brian Murphy: 841-8511
Dave Williams: 769-7430
Gerald Venne: 826-2680

Link Activities for May:

Observer's Meeting – April 29
Link Training – April 29

McCloud Activities for May:

Beginners Astronomy May 5
Public observing May 5

Observing Activities

We are able to go to the Link, Prairie Grass Observatories and McCloud Nature Park at non scheduled times if they do not conflict with reserved activities:

For those interested in going to The Link Observatories for observing call Gary Schoppenhorst 1 317 297-1405.

For those interested in going to Prairie Grass Observatories for observing call Hoppe at 1-765-296-2753.

For those interested in going to McCloud to observe, please call the caretaker Cecil Rich at 765 366-3235 before 5PM on the day you want to go out.
